

DIABETES BOOT CAMP

2016

Wednesday, September 21 • 6:00 - 8:30 p.m.

Medical Center Conference Room C

presented by: ***Susan Rauch, RN, BSN, CDE***

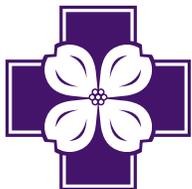

Children with type 1 diabetes often rely on school staff, coaches, family, and friends to provide the support needed to carry out their self-care.

What you will learn:

1. What is type 1 diabetes?
2. Treating diabetes:
 - Testing blood sugar, taking insulin, healthy eating & exercise.
3. Treating high & low blood sugars.
4. How does the 504 Plan work with diabetes?
5. Open discussion following presentation.

Class is free. Registration is appreciated.
